*What better time for your student to start preparing
for a successful future than...*

NOW!

Why not have your son or daughter gain the secrets to success now and help guarantee they'll live their best life in the future. Oh, and while they're at it, why not make life a little bit better for someone else as well.

That's the *Talented TENTH* way!

The Talented TENTH is an internship program designed to give a select group of St. Clair County youth the slight edge on future job competition regardless the profession. So whether a student wants to be a nurse, accountant or an actor, the Talented TENTH prepares them to become a leader in their field of choice and the community.

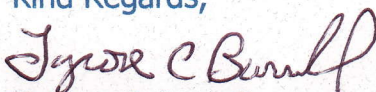

Your child could be next! This summer we are offering a unique opportunity for your son or daughter to participate in the "**Talented TENTH ~ 2020 Summer Extension Program**".

Interns commit to weekly training with a group of peers in a fun and interactive atmosphere. Students will have hands on learning experiences and the opportunity to earn rewards, stipends and field trips. They also will "give back" by participating in various community service projects.

We would love for you and/or your student to join us for an interactive Zoom meeting on Thursday, June 18th at 6:30 pm. This will be a great opportunity to meet current interns and find out if this program is a fit for your student.

To reserve a spot for your student please email me at tyrone.burrell@sonsoutreach.org or call (810) 334-6710 ASAP. There is **no cost** to participate in this exciting program, but due to the COVID-19 safe distancing restrictions, space is limited.

Kind Regards,

Tyrone C. Burrell,
Executive Director
