

# TALENTED TENTH PRESENTS

Dear Parent or Guardian:

Save Our Neighborhoods & Streets (S.O.N.S.) is proud to partner with Harrison School to present their newest program: Your Future Now! The goal of this program is to introduce different in-demand trade fields to students from 7th - 12th grade. This will be done through a 12-week period consisting of hands on education, presentations from experts in the field, and mentors who come alongside the students. As you fill out the form below, please list what trade(s) the student is interested in, as well as any extra-curricular activities they'd be interested in.

This program is what Generation Z wants. Your Future Now! was selected by Generator Z, an incredible nonprofit focused on amplifying the voice of the students, and financing programs based on those student ideas. Through a rigorous process, S.O.N.S. was chosen for a grant to provide this program, created by the ideas of Generation Z!

Please keep the upper half for your info and return the bottom half along with your student's registration fee. Thank you!
